Artist Priscilla Hayes' *The Too Much Love Story* is now available!

A couple has so much love in their hearts that it fills up their home, takes over the yard and even invades a seaside town. What should they do? Share the love, of course! And you'll want to too.

This feel-good fable in paint, created expressly for families by abstract painter Priscilla Hayes, adds more than color to your store—it reveals an enchanting, heart-tugging message through sweeping, sunny imagery. A pocket affixed to the inside back cover allows children to place cherished family photos inside, making *The Too Much Love Story* a delightful keepsake book. It's the perfect gift for friends and relatives welcoming new additions!
